

**COOL AIR™**  
RENTALS LTD

## AIR COOLED INDUSTRIAL

3 TO 25 TONS

When you need immediate cooling, these weatherproof units are an excellent choice. Locate them outside or adjacent to the area needing to be cooled. With a choice of 10 different capacities, Cool Air has the right unit for you.

**Features:**

- Waterproof construction ensures trouble-free exterior use
- Instant on/instant off controls make these units simple to operate
- Lightweight yet durable flex ducting hooks up in seconds

**Applications:**

- Server Room Cooling
- Temporary Structures
- Special Events - Festivals
- Electrical Vaults

This versatile 3 ton performer is our most popular location unit. Compact size and effective cooling power make for a reliable solution.

Temporary structures like these are an ideal application for these vertical 4 ton units. These tents required cooling to ensure that staff and patrons were able to function properly in extremely warm conditions.

Large scale air cooled projects like cooling this office building are well within our scope. Multiple 25 ton units were stacked to best utilize outdoor space and comfort levels inside were maintained.

**REAL COOL. REAL FAST.**
